WELCOME FROM MR. MICHAEL DICKINSON

ISM HS PRINCIPAL

Dear Delegates, Advisors and Guests,

Mabuhay! Welcome to the Philippines, welcome to International School Manila and welcome to this 2018 IASAS MUN Conference. We are excited to host not only the IASAS member schools, but also another 12 schools from around the region with a total of 197 delegates and 18 schools attending in total.

As a school, we are thrilled to be hosting this conference - it is an opportunity for all visitors to sample the warmth, the friendliness and the fun of the Philippines. The Philippines has its fair share of problems; poverty and inequality are evident everyday on my drive to and from school and yet, somehow through all of this potential misery, Filipinos are always ready with smiles, songs, laughter and happiness. According to its website, the Happy Planet Index "tells us how well nations are doing at achieving long, happy, sustainable lives." Despite their social and economic problems, every year, Filipinos are placed near to the top of this Happy Planet Index. It's not surprising then, that every day, I am greeted with smiles and salutes from our security guards; every day, our cleaning staff offer a cheerful and cordial hello and every day our canteen workers serve me lunch with fun and friendliness. Is it any wonder then that our students also greet each other with the same warmth; that they hold doors open for each other and for guests and, despite the pressures of their own lives as they navigate high school, they are happy and smiling. Could it be, that happiness is contagious?

As a school we echo many of the ambitions of the United Nations: Our mission is:

To build a vibrant and enterprising learning community in which all strive to:

- Accentuate learning, growth, perseverance and self-awareness as life-long values.
- Nurture creativity and originality as precursors for critical and reflective thought and action.
- Succeed collectively as well as individually, achieving our personal best in all aspects of school life.
- Maintain a healthy balance in the time devoted to work, rest and recreation.
- Involve our community in sustaining and safeguarding our environment.
- Interact through honest, respectful and open communication.
- Acknowledge and celebrate our differences and encourage empathy, compassion, understanding and respect for human dignity.
- Live our lives positively, joyfully and ethically.

MUN conferences are a great opportunity for all delegates to engage in lively debate, to develop presentation skills and, of course, to make new friends from around the region. I would like to take this opportunity to thank all of the advisors that have both travelled here with the delegates and those left back home who have helped to prepare them; your support, guidance and encouragement has such a large part to play in the enjoyment and success of the delegates. I would also like to thank the security and support staff at ISM for the part that they play in ensuring that this conference is a safe and successful one. Thanks to our Director of Fine and Performing Arts, Mrs. Marsha Hillman together with her team, Malou Talens, Mike Relf, Colin Aitken, Attilio Polo and the IT tech crew without whom this conference would not be possible. Finally, to our ISM student team, led by Elisabeth Cajurao, for the planning and effort they have put in to the organization and staging of this conference.

Best wishes for an enjoyable conference.

Mike Dickinson

High School Principal
International School Manila

WELCOME FROM MR. COLIN AITKEN

ISM MUN ADVISOR

Dear Delegates, Advisors, and Visitors to the IASAS Model United Nations Conference hosted by the International School of Manila,

On behalf of everybody here at ISM, we give you a warm welcome to the conference. If this is your first time to the Philippines, Manila, and ISM then I am in no doubt you will feel the warmth of the country, the city, and of course the school. If you are returning, then I hope you will be able to create some more fond memories.

The IASAS Model United Nations conference is a unique opportunity for students from all over the world to meet, and discuss some of the pressing concerns that face the world today. I hope you will all take this opportunity to be engaged in the debates, and conversations that these issues will generate. I know that MUN is a simulation, but I hope that you will be inspired after the conference is over to continue your passion for some of the topics that you will have discussed.

It only takes a brief look at the world media to realize that we are in need of some diplomacy in many areas. The ability to listen and engage with others who may not agree with our beliefs and opinions seem to be becoming a lost art. I hope that many of you have the opportunity to represent a country, organization, or individual, whose stance, or positions on issues you may not personally agree with. I challenge you take some time to consider the merits of these stances and opinions. Try to engage in the debate from a rational balanced stance, then even if you ultimately still feel a strong conviction for your opinion and stance, you should be confident that you have done this with an open mind.

Finally, there are numerous people who have contributed to the organization and success of this conference. I would like to especially thank Mrs. Marsha Hillman, Mike Relf and Attilio Polo who have worked tirelessly behind the scenes, and the student leadership MUN team here at ISM led by Elisabeth Cajurao.

I wish you all a profitable debate, and an overall an enjoyable time during the 35th Annual IASAS Model United Nations Conference.

Colin Aitken

ISM MUN Head Advisor

WELCOME FROM ELISABETH CAJURAO

SECRETARY GENERAL

Honorable chairs, esteemed delegates, faculty, and guests,

Welcome to ISM and welcome to IASAS MUN 2018! It is a great privilege for me to be serving as your Secretary General for this year's conference here in Manila. On behalf of the Secretariat and ISM's MUN council, we are extremely excited to be hosting you here in the Philippines, a country that is extremely vibrant with culture. Whether it's trying local food at the cafeteria, or enjoying the cultural performance in the opening ceremony, I trust that you will be able to experience Filipino culture and enjoy your time here.

MUN is undoubtedly an influential activity to high schoolers, giving us a platform to voice our opinions, hone our potential, and encourage each other to continually push one another. Over the years, I have seen how MUN has molded students and delegates into strong, confident, and empowered individuals. I believe that it is this environment of encouragement and challenge that makes the activity special, and I hope that this environment is replicated in this conference.

IASAS MUN is truly an experience that is unparalleled as it allows us, delegates, to interact with students from a variety of backgrounds. In this conference, there are 18 different schools from across Asia, each with their own distinct delegation representing a multitude of cultures and nationalities, that are represented. This diversity is what makes IASAS and its participants unique as it allows us to come together and debate pressing global issues from different lenses. In the following days, I hope this setting will allow you to learn from one another and understand issues of debate from a variety of viewpoints.

Looking at the many issues that continue to plague the global community today, perhaps this is what the world needs: people who are able to understand these problems through a number of different perspectives. People who can collaborate with differing beliefs and opinions to grow knowledge and realize that every opinion and suggestion holds great value and potential. At this day and age, people often forget that diplomacy is rooted in the fact that there is no single way to approach issues, but rather a multitude of paths that converge towards a single goal. During this conference, I encourage you to approach debate with an open mind and challenge you to collaborate diplomatically to reach unique solutions.

To conclude, I would like to thank the following people for their constant hard-work and support during the planning of this conference. First I would like to thank the MUN Advisors Mr. Aitken, Mr. Relf, and Mr. Polo as well as Ms. Hillman and Ms. Malou for their guidance and help in the months leading up to the conference. Next I would like to thank the Secretariat, Abhinav, Bryce, and Isabella for their hard work behind the scenes. Last and certainly not least, the members of ISM's MUN Council who have been one of the most efficient and supportive teams throughout the season!

I wish each and every one of you an engaging, productive, and memorable debate! If you have any questions, please do not hesitate to contact me or the members of the Secretariat and ISM MUN Council.

Elisabeth Cajurao
Secretary-General
ISM Class of 2019

ISMANILA FLOOR PLAN

FIRST LEVEL PLAN

VETTING PROCEDURES AND SCHEDULE

The Vetting at IASAS MUN 2018 will be done within Committee Rooms by Teachers assigned to that Committee. There will be no central “Vetting Room”. All Resolution vetting, revision, and approval will be done electronically.

1. When a resolution is ready for vetting, the Main Submitter will share the Resolution with the Committee Chair. The Chair is responsible for shepherding Resolutions through the Vetting and Approval process.
2. The Chair will review the Resolution and, if accepted, will share the Resolution with the Vetting Teacher present in the Committee Room.
3. The Chair will inform the Main Submitter that the Resolution is ready for Vetting.
4. The Main Submitter may then approach the Vetting Teacher in the Committee Room to review the Resolution, correcting all issues identified by the Vetting Teacher.
5. When all issues have been resolved to the satisfaction of the Vetting Teacher, the Vetting Teacher will add a comment indicating that the Resolution has been approved.
6. The Vetting Teacher will then inform the Chair that the Resolution has been approved.
7. The Chair will then determine if and when the Resolution will be debated, and arrange for the distribution of the Resolution to all delegates.

IASAS MUN Vetting Guidelines

What specifically is the Vetting Teacher looking for?

The Vetting Teacher will check that the Resolution follows the standard format and basic language expectations. Ensuring clarity and correct format of the resolution is the purpose of vetting.

It is not the job of the Vetting Teacher to judge the quality of a resolution. Nor does the Vetting Teacher need to correct or comment upon the factual accuracy, level of specificity, or degree to which they feel the resolution is realistically able to achieve its aims. In other words, resolutions should not be rejected because of questions about the quality of arguments or proposals. This judgment should be left to the delegates who debate the resolution!

Specific Jobs of Vetting Teachers

The Vetting Teachers work with the Submitters of a Resolution to ensure:

1. Correct spelling, grammar and punctuation.
2. The numbering of lines and of operative clauses is accurate.
3. Pre-ambulatory Clauses are indeed Pre-ambulatory (do not suggest an action), not Operative (do suggest an action) and vice versa.
4. Resolutions are not offensive or otherwise inappropriate.

What not to do:

1. Don't make judgments (and alterations) on the political / factual accuracy of a Resolution. The Committee Chairs and delegates will deal with this.
2. Don't decide which resolutions should be debated. It is the function of the Vetting Teacher only to approve resolutions based on the criteria noted above, and return them to the chairs. The chairs will choose which resolutions, from those approved by the Vetting Teacher, will be considered.

SCHEDULE FOR SCHOOLS' ADVISORS ASSIGNED TO COMMITTEE SUPERVISORY/VETTING DUTIES

International School Manila, as the host school, is responsible for all delegates while they are at the conference. In order to ensure the security of the delegates, and to ensure a safe and healthy environment for all delegates, it will be required that an Advisor be present in all committee rooms at all times during conference sessions. To accomplish this, we will need all Advisors from all schools to help. The schedule below details the times and committees to which each school's Advisors have been assigned. An Advisor from the assigned school is **required to be present in the assigned committee rooms** during the periods indicated below, whether or not there are resolutions to be vetted. The schedule is as follows below*.

DAY 1	DAY 2
Debate Session 1 11:00am - 12:00pm	OPTIONAL** Debate Session 1 11:00am - 12:00pm
Debate Session 2 1:00pm - 2:30pm	
Debate Session 3 2:45pm - 3:30pm	

* HJCC and ICJ are not included in the vetting procedures.

** The Chairs from each committee can elect to use the Optional Day 2 vetting slot in case there are still resolutions that need to be reviewed. However, a chairman can choose **not** to vet on this day if they do not think it is need and proceed with debate as regularly scheduled.

IMPORTANT NOTE FOR PARLIAMENTARY PROCEDURE/GUIDELINES

For guidelines and samples regarding resolutions, debate procedure, and other such parliamentary concerns, please refer to your **Parliamentary Booklet** on the website.
