## **Medical Procedures**

In case of injury or illness- whether before, during, or after the matches- please notify the site director, tournament director, school nurse or physiotherapy.

An injured athlete should not leave campus/site for any medical care without first consulting the site or tournament director and having communicated with the nurse on duty. ISKL school nurses are only permitted to issue non-prescription medication.

In case of an injury or illness resulting outside of the tournament, students should call ISKL (during the school day) and talk to one of the school administrators. If it is after school hours, they should contact the tournament director immediately, as listed in the program. Also, notification to the host family should be made.
