## HEAD OF SCHOOL'S WELCOME

On behalf of the ISB community, I welcome you to the 2007 IASAS Basketball Tournament. Athletes--the next several days are a well-earned reward for the hours of practice, effort, and conditioning you have dedicated to your teams. Coaches--we know these events are stressful times for you. But, please take a little time to celebrate the gifts you have given these athletes through your dedication and expertise. The learning that athletics offers young people is among the most powerful school experiences. Parents--this should be a celebration time for you as well. Of course you are worried about your student's performance. But think back to their awkward first steps as toddlers or the first time they tried to dribble a ball. Now, marvel at the grace and energy they contribute to their team. We live among miracles.

Please enjoy our wonderful staff and facilities as we celebrate the 25th year of IASAS. We want this to be a memorable weekend for all of you.

Bill Gerritz  
ISB Head of School

## PRINCIPAL'S WELCOME

Dear Athletes, Coaches, and Administrators,

On behalf of our faculty and staff, I extend you a warm welcome to ISB and Thailand. I hope that we will be able to provide you with a memorable competition, an opportunity to make friends, and a glimpse at the very rich and diverse culture of our host country.

IASAS is the pinnacle of excitement in our school calendars and there a few better sights in the world than witnessing student-athletes compete to the best of their ability in a spirit of camaraderie and sportsmanship. We look forward to an exciting basketball competition and a good time had by all.

This might not please the basketball fraternity, but history has it that the game was invented by Dr. James Naismith, a Canadian who was teaching at Springfield College in Massachusetts, to keep rugby and football players entertained in the winter months! According to legend, he borrowed a peach basket from the janitor's closet and hung it on a railing about 10 feet from the floor. Frustrated by the need to take down the basket every time a player made a successful shot, Dr. Naismith decided to cut a hole in the basket so the ball would go straight through. On December 21, 1891 he made the first 13 rules for basketball which resemble many of the rules used today.

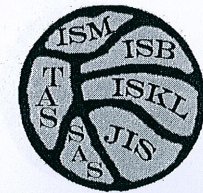

It takes a village to host a successful IASAS and we must make sure we find the time to recognize those who contribute. Between games, a word of appreciation to Ed Devlin, Harold Albert, Bob Connor, our athletics staff, your coaches, the parents who have opened their houses to you, ISB's Booster Club, and faculty volunteers will be most welcome.

If there is anything we can do to make your time here more enjoyable, please let us know and we will do our best.

Best wishes to you all!

Yours in sport,

Andy Davies  
HS Principal
