台北美國學校

Dear Athletes and Coaches,

Taipei American School is pleased to be hosting the 9th Annual IASAS Rugby & Touch Championships. We are anticipating another exciting tournament over the three day period; we expect our community will support the tournament with their presence as well as being generous hosts for IASAS student-athletes. There are few moments in sports that equal the beauty of a player lunging for a well deserved try with the confidence of a raging lion or a well executed scrum where the team's forward momentum moves them closer to the try line.

These examples of model play in Rugby & Touch are only equaled by the cacophony of sounds embracing the field during play: coaches yelling instructions to their players, fans encouraging their team to step up their level of performance, and the 'thwack' of solid tackle. Indeed, Rugby & Touch is a sport that is not only exciting to watch, but it welcomes fan participation.

While our school welcomes our five IASAS sister schools, we laud the efforts of our coaches, Mr. Ken Flemming, Mr. Ross Tucker, Mr. Joshua Symes, Mr. Peter Coombs and Mr. David Bond. Our Athletic and Activities Office under the capable direction of Mr. David Farmer and Ms. Kathy Cutler have worked 'extra time' in preparation for this tournament and our support staff, Mr. Steven Tsao and Sherry Liang have worked on logistical support both on and off the field of play. If you have a chance to thank them for their efforts during the tournament, please do so.

If you are not engaged in any tournament action, the Tien Mu neighborhood has all the conveniences you require, and we hope you can take advantage of our local fare while you are staying in Taipei. Above all, have a wonderful tournament and enjoy the IASAS spirit of competition among friends.

Yours in sport,

Dr. Eric Sands
Upper School Principal

The mission of the Taipei American School, a multicultural community rich in the traditions of East and West, is to educate each student to be a confident, creative, and moral individual prepared to succeed anywhere in a rapidly changing world by providing a challenging American-based program with an international perspective, that fosters a balanced life, academic excellence, and a love of learning.
